Booking Terms & Conditions

These terms form part of every Sim2U Mobile Golf quote and apply to the booking once the quote is accepted. They set out what we bring, what your venue needs to provide, and what happens if a date or the weather changes.

SECURING YOUR DATE

50% non-refundable deposit on acceptance of the quote. The balance is due 48 hours before setup.

CHANGING YOUR DATE

More than 7 days out, your deposit moves to another date within 6 months. Inside 7 days, the booking fee is forfeited.

WEATHER

Cancelled before we dispatch, 70% is refunded. Once the build has started, the fee stands.

1. Bookings & Payment Terms

- **Deposit:** A 50% non-refundable deposit is required upon acceptance of the quote to confirm and secure the event date.
- **Balance payment:** The remaining 50% balance is due strictly 48 hours prior to the scheduled setup time.
- **Failure to pay:** Sim2U reserves the right to withhold installation if the full balance is not settled before equipment dispatch.

2. Site Requirements & Spatial Clearances

The Client is responsible for ensuring that the designated activation space meets the following minimum physical and technical criteria.

SETUP	WIDTH	DEPTH	HEIGHT
Backyard Budget	3.1m	5.0m	2.5m
Outdoor Enclosure	4.6m	5.3m	3.3m
Corporate Indoor	3.5m	5.0m	2.6m

- **Dimensions:** A flat, level surface with clear space of at least the width, depth and height shown above for the setup booked, together with a clear path for our team to carry equipment to that spot. The clearance that applies to your booking is the one for the enclosure named in your quote.
- **Power supply:** Direct access to a standard, dedicated 220V power outlet within 30 metres of the simulator location.
- **Unsuitable site fee:** If Sim2U arrives on site and the designated area does not meet these minimum requirements, or is deemed unsafe or unusable, the full booking fee remains payable and no refunds will be issued.

- **Internet & connectivity:** Sim2U provides an independent cellular hotspot to power the simulation software. The Client must ensure the designated setup location has strong, reliable cellular reception. If the activation is in a known dead zone — a basement, parking garage or heavily shielded exhibition hall — the Client must provide access to a stable venue Wi-Fi network. Sim2U accepts no liability for software downtime or loss of live features caused by poor cellular signal or network dropouts beyond our control.

3. Exhibition & Booth Build Sequencing

- **Assembly priority:** For trade show and exhibition environments, the assembly of the simulator enclosure and frame must be sequenced carefully with overall booth construction.
- **Access clearance:** The Client must ensure the simulator structure is erected before surrounding booth walls, counters or display items are installed that would block the delivery path or impede equipment positioning.
- **Delays:** Sim2U is not responsible for setup delays resulting from blocked access or unscheduled construction by third-party booth builders.

4. Move-In, Access & Strike Operations

- **Venue access:** The Client must arrange all necessary venue permits, security passes and loading dock access codes prior to Sim2U's arrival.
- **Breakdown & strike:** Equipment dismantling will occur immediately following the agreed event conclusion time. If venue restrictions force a delayed strike outside the agreed timetable, additional labour or waiting fees may apply.

5. Cancellations & Rescheduling

5.1 CLIENT-INITIATED CANCELLATIONS

- **More than 7 days' notice:** The deposit is retained but can be applied to a future booking within 6 months, rather than refunded.
- **Less than 7 days' notice:** 100% of the total booking fee is forfeited and is non-refundable.

5.2 WEATHER & OUTDOOR SAFETY POLICY

Applicable to outdoor and semi-outdoor installations. Due to the sensitivity of high-precision electronic equipment — launch monitors, projectors, tracking cameras and high-impact screens — the following rules apply.

- **Wind:** Operations will be suspended if wind gusts compromise the structural stability of the enclosure.
- **Rain & moisture:** Operations will cease immediately upon precipitation or extreme atmospheric moisture. Equipment will be powered down and covered.
- **Provider discretion:** Sim2U retains sole discretion to suspend or terminate operations to protect participant safety and hardware integrity.
- **Weather cancellations:** If an outdoor event is cancelled due to severe weather prior to dispatch or setup, the Client will receive a 70% refund of the total fee, with 30% retained for logistics and preparation. Once setup on site has commenced, the full booking fee remains payable regardless of weather-induced shutdowns.

6. Liability, Conduct & Damage

6.1 INJURY & PERSONAL PROPERTY

Sim2U accepts no liability for personal injury, illness or property damage sustained by event participants or spectators while using or standing near the simulator, except where directly caused by Sim2U's proven gross negligence. Participants use the equipment entirely at their own risk.

6.2 EQUIPMENT DAMAGE & MISUSE

- The Client assumes full financial responsibility for any loss or physical damage caused to Sim2U hardware, impact screens, enclosure framing, launch monitors or golf clubs by client guests or attendees through negligence, intentional misuse, or failure to follow staff safety instructions — for example striking equipment with a club, throwing objects, or bringing open liquid containers into the enclosure.
- Damaged items will be billed to the Client at full replacement cost.
- Sim2U staff reserve the right to refuse service to any heavily intoxicated individual, or to shut down the activation entirely if guests are abusive, without offering a refund.

7. Visual Display & Venue Conditions

7.1 VISUAL QUALITY & VENUE LIMITATIONS

Sim2U uses high-lumen projectors and high-definition displays to provide the best possible visual experience. However, image clarity, contrast and overall graphic fidelity on the impact screen are heavily dependent on the venue's ambient lighting. Sim2U is not liable for reduced visual quality, glare or washed-out graphics caused by intense overhead exhibition lighting, natural sunlight, or other environmental factors beyond our control.

Questions before you accept?

If something here does not fit your venue or your date, tell us before you accept the quote rather than after — most of it can be planned around.
